

Imaginary Island Reflection

1. Explain where and why are your cities located where they are:
2. What part of your island has the highest elevation and where is it located?
3. How would a person get around on your island. Explain the methods that people could use to move around.
4. Write a paragraph explaining the type of government your island has. How does it work? What roles do people have in government?
5. What physical features would tourists visit on your island?
