Notes: For the main ideas, choose appropriate transitions (Example, To begin, next, also…) or always start with the solution at the beginning of the sentence (Example, H-Power costs….)

Solution: _____

Topic Sentence (Introduce solution and how it will help your island)

Main Idea #1 (Description of solution)

Main Idea #2 (What does your solution look like?)

Main Idea #3 (How much does your solution cost?)

Main Idea #4 (How effective is your solution?: How much will it save? How much will it provide? How much will it divert? How fast will it work?)

Main Idea #5 (Does your solution help or hurt the environment?)

Conclusion:
